

ID-CAB® 1000

Inventory Security Cabinet for Mid-sized Storage

Who Has Access to Your Company's Valuable Assets?

Security Risks

- Are you doing enough to protect your expensive, and sometimes data-sensitive items?
- **EMPLOYEE FRAUD**, as painful as it may be to contemplate, is often times the reason for compromised assets. When items go missing, do you **KNOW** who was the last person with access and when?
- **ORGANIZATIONAL RISKS**, such as simple lack of defined procedure and tracking process, can also jeopardize the security of your valuable assets.
- Are you tracking usage with a detailed report?
- Do you know when a resource should be used to completion versus when it actually is?

Risk Management:

- **TRACK, PROTECT and MANAGE** your asset materials investment
- This high quality metal cabinet uses contactless smart card technology to secure and track the assets stored within.
- It offers three levels of security, with 2000 access records tracking and audible alarms.
- With the ID-CAB® 1000's exceptional access tracking – including **DATE & TIME STAMP** – you will never wonder about your valuable assets again.

Ideal for:

- Security
- Government Agencies
- Medical Facilities
- Universities
- Forensic Labs
- Experimental Labs
- Armed Forces
